AND SO ON...**

NYC CITY APPROVED  
NYC CD #4829

## WE ARE HAPPY TO ANNOUNCE THE ARRIVAL OF OUR LATEST NEW CRANE ALTEC 40-152S

- ⌘ This crane has a 40 ton capacity with 152' of main boom and up to 200' with a 2 stage jib.
- ⌘ With the new style quick attach fixed man basket that can reach a tip height of 215'. We worked closely with the factory engineers on this model. It is mounted on a 6 axle Peterbilt carrier, meeting Federal Bridge Laws and travel permits are not required.
- ⌘ To help with those hills, we added some muscle under the hood having a 500 HP engine to reduce travel time.
- ⌘ Loaded with extensive safety features, along with a wind anemometer.
- ⌘ It's well equipped with numerous lights to make the night jobs easier on all of us.
- ⌘ All load charts and specifications are available on our website for you to take a look.

SERVING NJ - NY - NYC - CT & PA
