

# SIZE MATTERS

OUR CRANES  
ARE GETTING

**& BIGGER  
& BETTER**

**BUILDING MATERIALS  
CELL SITE  
ROOFERS DELIGHT  
AND SO ON...**

**NYC CITY APPROVED  
NYC CD #4903**

**WE ARE HAPPY TO INTRODUCE OUR STATE-OF-THE-ART  
AND 8TH CRANE IN OUR FLEET TO ACCOMMODATE OUR  
CUSTOMER'S LARGER LIFTING NEEDS**

## **TEREX-DEMAG - AC100/4L**

- 🔧 120 ton Hydraulic All Terrain 4 Axle crane with 54'000 pound of counterweight
- 🔧 195' Main boom with a 62' Hydraulic offset jib for a boom length up to 257'
- 🔧 This 195' long boom machine will save you time on jobs compared to other machines in its class needing the jib installed to reach this height.
- 🔧 Also available– (1) Jib insert extension bringing the boom length up to 268'
- 🔧 This crane is only 8'5" wide to fit into tight sites and avoid fewer road restrictions.
- 🔧 Well equipped with extensive safety features, lights and rigging.
- 🔧 All load charts and specifications are available on our website for you to see more on this machine.
- 🔧 Strongest main boom capacity in its class
- 🔧 Concrete Plank – Steel – HVAC – Cell Sites, Rigging jobs & more...
- 🔧 In addition: For the trucking of counterweights and HVAC equipment, we have added a 37' trailer to our fleet.
- 🔧 The shorter trailer can maneuver better into tight job sites and city streets. This trailer is equipped for Forklift Mofet service as well for unloading any equipment or materials we may transport for you.
